

## Sri Lanka: Sri Lanka Extension Tours...

### About Sri Lanka...

Sri Lanka is a country of golden beaches, stunning mountains, mighty elephants, giant whales, a majestic past and tea! Having been a centre of Buddhist religion and culture from ancient times, Sri Lanka is home to seven UNESCO World Heritage Sites. These sites showcase the island's rich history and contribution to civilization. Despite its small size, Sri Lanka is one of the most biologically diverse countries in Asia. Famous for its Asian elephants, the sloth bear, leopards, sambar and wild buffaloes, the country has 22 national parks and 52 sanctuaries. The ocean around Sri Lanka is home to large families of cetaceans, including the mighty blue whale, sperm whales and lively dolphins. Altogether 26 species of cetaceans inhabit the waters surrounding the country, making it one of the best locations for whale and dolphin watching. Sri Lanka is a short 1.5 hour flight from Male in the Maldives.
